

REMARKS

Applicants thank the Examiner for the thorough consideration given the present application.

Claims 1-31 are currently being prosecuted. The Examiner is respectfully requested to reconsider the restriction requirement in view of the remarks as set forth hereinbelow.

The Examiner has set forth a restriction requirement with regard to claims 1-31. The grouping of the claims is set forth as follows:

GROUP	CLAIMS	CLASSIFICATION
I	1-19 and 25-31	Class 165, Subclass 104.12
II	20-24	Class 29, Subclass 890.06

Applicants have elected Group I consisting of claims 1-19 and 25-31 for initial examination. However, it is respectfully submitted that the restriction requirement is improper in view of the fact that no serious burden is presented to the Examiner to consider all of the claims in a single application.

As set forth in Section 803 of the MPEP, the Examiner must examine an application on the merits if the examination of the entire application can be made without serious burden. Two criteria are identified for a proper requirement for restriction:

1. The inventions must be independent or distinct as claimed; and
2. There must be a serious burden on the Examiner if the restriction is not required.

Applicants respectfully submit that a serious burden has not been placed on the Examiner to consider all of the claims in a single application. A review of the subject matter set forth in claims

1-19 and 25-31 would include a review of class 165, subclass 104.12 and class 29, subclass 890.06. Thus, a different field of search really does not exist with regard to the claims of the present application.

In order to be responsive to the Examiner's restriction requirement, claims 1-19 and 25-31 have been initially elected. The Examiner is respectfully requested to reconsider the restriction requirement and act on all of the claims in the present application. If the Examiner does persist in the restriction requirement, the right to file a divisional application directed to the non-elected claims at a later date, if desired, is reserved.
